SUMMARY

AWS Certified Cloud Practitioner and Software Engineer with 2.5+ years of experience specializing in Full Stack Development, AWS Cloud, CCaaS (Amazon Connect) and AI Agent Development. B.Tech in Information & Communication Technology (9.3 CGPA). Patent and copyright holder for two independent product builds.

PROFESSIONAL EXPERIENCE

Software Developer - Full Stack + AWS | *Prominent Pixel / Digiclarity, LLP*

Jan 2024 - Present

- Full-stack development with JavaScript, React, Tailwind CSS (frontend) and Node.js and Python (backend/Lambda microservices).
- Built and deployed backend services on AWS Lambda, EC2, S3, API Gateway, CloudFront, DynamoDB, RDS (PostgreSQL), Parameter Store, Secrets Manager, and IAM.
- Designed Amazon Connect (CCaaS) flows, queues, and routing profiles; integrated Lambda, Lex bots, and chat/call services.
- Built an AI chatbot that summarizes Contact Center data from a Snowflake data warehouse for business-team analytics.

PHP/Laravel Web Developer Intern | *3G Tech Solutions*

Mar 2022 - Jul 2022

- Built a hospital management project in PHP Laravel, covering frontend, backend, and database fundamentals.

COMPANY PROJECTS

Airline Agent Desktop(JetBlue Airline USA) | *Amazon Connect, ReactJS, NodeJS, AWS*

2024 - Present

- Built an agent platform on ReactJS/NodeJS/AWS for a U.S. airline, with a daily activity dashboard, real-time queue/routing reports, and Amazon Connect CCP call-handling integration.

Call Categorization AI Chatbot(JetBlue Airline USA) | *AWS Bedrock, Lambda, S3, IAM*

2024 - Present

- Built a Bedrock-based prompt engineering pipeline (Claude, Nova models) to analyze and categorize contact center calls; also worked on a call-based voicebot.

Hotel Agent Report Management(Hilton) | *ReactJS, NodeJS, AWS*

Feb 2024 - Apr 2024

- Built a reporting platform for an international hotel management company, enabling agents to view daily customer reports.

PERSONAL PROJECTS

BhagvadgitaGPT / Ask Krishna GPT - GPT-based Bhagavad Gita Q&A app - Flask + React/TypeScript web app with a companion Flutter app.

Government Document Management - MERN-stack web app + Flutter app for QR-code document verification.

Get Set Work - Flutter + Firebase app connecting job seekers and companies (copyrighted work).

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Dart

Frameworks/Libraries: ReactJS, NodeJS, Flutter

Databases: PostgreSQL, DynamoDB, MongoDB

AWS: Lambda, S3, CloudFront, API Gateway, EC2, RDS, DynamoDB, Amazon Connect, Lex, Bedrock, SES, Pinpoint, Secrets Manager, Parameter Store, Location Service

EDUCATION

B.Tech, Information & Communication Technology Engineering - Marwadi University, Rajkot

CGPA: 9.3 | 2020 - 2024

CERTIFICATIONS

- AWS Certified Cloud Practitioner - Amazon Web Services (Feb 2026 - Feb 2029)
- AWS Knowledge: Amazon Connect Communications Specialist - Training Badge (May 2026)
- ISRO Space Start Program - ISRO (Aug 2023)
- Fundamentals of MCP & MCP Automation in Production - Hugging Face (Mar 2026)
- Machine Learning with Python - Cognitive Class (IBM)
- Student Interest Group - Leadership, Goal Setting and Change Management
- Google Kickstart Event - Participation (2022)

ACHIEVEMENTS

- Runner-up - Aazadi Ka Amrit Mahotsav SSIP Hackathon, SSIP Gujarat (2022)
- Google Cloud Ready Facilitator Program - 3rd Milestone, Google

PATENTS & COPYRIGHTS

Copyright - GetSetWork Application: job-seeking platform connecting job seekers and companies using Flutter and Firebase, with OTP verification, Google Ads, and real-time listings.

Patent - Smart Dustbin: IoT-based smart dustbin system that automates waste management and notifies authorities when full.
